OLT2128186 — Purchase, and removal of Various ferrous scrap material at Lethabo Power Station on a Once-OFF ag...

● **Capability Statement**

Capability Statement — fow (Pty) Ltd

Tender Reference

Reference number: OLT2128186

Description: Purchase and removal of various ferrous scrap material at Lethabo Power Station on a once-off agreement

Issuer: Eskom

Closing date and time: 2026-05-28 10:00

Special submission condition: All submissions must be sent to informaltendering@eskom.co.za

Executive fit summary

- Overall fit: **Weak** — core service (purchase and removal of ferrous scrap) and critical operational documentation are not evidenced in the company profile.
- Key strengths (evidence-based):
 - B-BBEE advantage: B-BBEE Level 1 is recorded in the company profile (*B-BBEE Level: 1; expiry 2026-05-06*).
 - Tax status: Tax compliance is recorded as *Yes* in the company profile (Tax Compliant: Yes).
- Principal gaps (evidence-based):
 - No declared scrap-purchasing or removal services (profile field: Services: *Not specified*).
 - No public-sector scrap removal project experience recorded (Public Sector Experience: *Not specified*).
 - Essential mandatory documents are missing or incomplete in the profile (CSD number, public liability insurance, SHEQ documentation — see Compliance Checklist).
 - Geographic preference: company operates from Western Cape while tender locality preference is Free State (Province: *Western Cape*).

1. Company overview

- Entity name:** fow
- Entity type:** Pty Ltd
- Registration year:** 2020
- Years in operation:** 6 (since 2020)
- Head office location (province):** Western Cape
- Number of employees:** 6–20
- Annual turnover band:** < R1M
- Industry:** Construction

2. Service offerings — mapping to tender categories

Tender mandatory category: Purchase and removal of ferrous scrap material (mandatory).

- Company-declared services:** *Not specified* — no explicit evidence in company profile of scrap purchase or removal capability.
- Required service mapping:**
 - Purchase of ferrous scrap material → Service provided by: [TO BE COMPLETED]
 - Removal / transport of ferrous scrap from site → Service provided by: [TO BE COMPLETED]
 - On-site handling, segregation, packaging and safe storage pending removal → Service provided by: [TO BE COMPLETED]
 - Environmental and SHEQ compliance for scrap removal → Documents to be supplied: Proof of SHEQ compliance, method statements, risk assessments (see Compliance Checklist)

- or SHEQ compliance, method statements, risk assessments (see Compliance Checklist)
- **Note:** The company profile does not currently demonstrate the mandatory service category. To meet the tender requirement, the company must supply documented evidence of scrap purchasing/removal services, licences and operational capability.

3. B-BBEE and compliance status

B-BBEE level	Certificate type	Expiry date	Black ownership %	Enterprise size	CSD number	Tax status	VAT status
Level 1	[TO BE COMPLETED]	2026-05-06	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]	Tax Compliant: Yes	VAT Registered: Yes (VAT number: [TO BE COMPLETED])

4. Sector registrations

All registration entries below must be supported by copies of certificates / registration extracts in the bid submission.

Registration type	Number	Grade	Class	Expiry date
CIPC company registration	[TO BE COMPLETED]	[TO BE COMPLETED]	Pty Ltd	[TO BE COMPLETED]
CSD registration	[TO BE COMPLETED]	[N/A]	[N/A]	[N/A]
Scrap dealer / transporter licence (if applicable)	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]
Public liability insurance (certificate)	[TO BE COMPLETED]	[N/A]	[N/A]	[TO BE COMPLETED]

5. Track record

Evaluator attention: The company profile does not list projects or public-sector scrap removal experience. The table below must be completed with client references and contract documentation for evaluation.

Client name	Client type (public/private)	Contract value (ZAR)	Scope	Dates (start — end)	Reference availability (contact)
[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]	[TO BE COMPLETED]

Note: Public sector experience is recorded as **Not specified** in the company profile. Submission should include at least two verifiable references for scrap removal or similar heavy-material removal projects where available.

6. Key personnel

[TO BE COMPLETED]

Note: Curriculum vitae and certified copies of qualifications and registrations for key personnel should be appended as annexures to the bid submission.

7. Geographic presence and mobilisation

- **Registered province / head office:** Western Cape
- **Tender locality preference:** Free State (Lethabo Power Station)
- **Willingness to travel / mobilise:** The company must confirm mobilisation plans and logistics for deployment to Lethabo Power Station, Free State (transport, plant and crew). Confirmation and a mobilisation plan are required in the submission: [TO BE COMPLETED].

8. Quality management and SHEQ approach

The proposed approach to quality, safety, health, environment and compliance for on-site scrap removal is described below. Documented evidence for each item must be included in the bid.

- **Quality management:** Implement documented method statements, inspection checklists and acceptance criteria for segregation, weighing and handover of scrap material; maintain chain-of-custody documentation for each load. Evidence: quality procedures and client/third-party sign-off templates — [TO BE COMPLETED].

- **Occupational health & safety (SHEQ):** Prepare a site-specific SHEQ plan including risk assessments, safe work method statements (SWMS), PPE matrix, emergency response plan and toolbox talk records. The tender requires proof of OHS compliance — profile: *Proof of Occupational Health & Safety compliance or SHEQ documentation (likely required)* and company: SHEQ documentation — *[TO BE COMPLETED]*.
- **Insurance:** Public liability / third-party insurance is typically required for on-site operations. Company profile does not provide proof of insurance — *[TO BE COMPLETED]*.
- **Environmental compliance:** Waste handling, hazardous material controls (if present), water runoff and site rehabilitation measures to be documented. Environmental authorisations / permits must be provided where applicable — *[TO BE COMPLETED]*.
- **Verification and audits:** Provide records of internal inspections, incident registers and corrective actions. Certification status (ISO 9001 / ISO 45001 / ISO 14001) — *[TO BE COMPLETED]* (if not certified, supply documented management procedures).

Compliance checklist — tender mandatory documents

Each item below is required by the tender. Status is shown from company profile; missing items must be supplied before submission.

- CSD registration summary report or CSD number — **Profile:** CSD Registered: Yes; **Status:** CSD number not supplied → *[TO BE COMPLETED]*
- Tax clearance / SARS TCS Pin or tax compliance status — **Profile:** Tax Compliant: Yes → **Status:** Attach SARS TCS or tax compliance confirmation
- B-BBEE certificate or sworn affidavit — **Profile:** B-BBEE Level 1; certificate type not specified → **Status:** Attach B-BBEE certificate or affidavit (certificate type required)
- Company registration documents (CIPC) or proof of trading entity — **Status:** *[TO BE COMPLETED]*
- Letter of authority / resolution to sign on behalf of company — **Status:** *[TO BE COMPLETED]*
- Pricing schedule / Form of Offer — **Status:** *[TO BE COMPLETED]*
- Proof of public liability insurance — **Status:** *[TO BE COMPLETED]*
- Proof of health & safety compliance and relevant SHEQ documents — **Status:** *[TO BE COMPLETED]*
- References or proof of experience in scrap removal/handling — **Status:** *[TO BE COMPLETED]*
- Scrap dealer / transporter licences or permits (if applicable) — **Status:** *[TO BE COMPLETED]*

Risk notes and evaluator cautions

- Closing deadline is strict: 2026-05-28 10:00. The company must ensure all required documents are compiled and submitted to informaltendering@eskom.co.za before the deadline.
- Essential tender document details (detailed scope, pricing method, timelines, compulsory site briefing) were not available for extraction. The company must obtain the full tender document from Eskom to prepare a compliant bid — action required: request full tender specification and any compulsory briefing details from the issuing department.
- Non-compliance with site access, security, environmental and permit requirements may prevent contract performance; these items must be confirmed with Eskom and addressed in the submission.
- Preference point system: 80/20. Price will carry 80% weighting — ensure competitive and compliant pricing.

Recommendations — next steps to prepare a compliant bid

1. Obtain full tender documentation and confirm whether a compulsory site briefing or inspection is required; attend any compulsory briefing if scheduled.
2. Compile and attach the following immediately:
 - CSD registration extract (include number)
 - SARS TCS Pin or tax clearance documentation
 - B-BBEE certificate (type and copy)
 - CIPC registration documents
 - Letter of authority / resolution to sign
 - Public liability insurance certificate
 - Proof of SHEQ/OHS documentation and relevant licences
 - References and project evidence for scrap removal or heavy material handling
3. Complete the Track Record and Key Personnel sections with verifiable records and append CVs as annexures.
4. Prepare a detailed mobilisation, transport and safety plan for operations at Lethabo Power Station (including plant, crew, traffic management and environmental controls).
5. Prepare a competitive pricing schedule reflecting the 80/20 preference weighting and include clear assumptions for scope, tonnage, demobilisation and any site reinstatement costs.

Contact for clarifications

All clarifications and final submission must follow the tender instruction: submissions to informaltendering@eskom.co.za. The company should also request the full tender document from the

issuing authority to ensure all mandatory conditions and site requirements are addressed.

Prepared for tender OLT2128186 using the company profile provided. Missing information is indicated by [TO BE COMPLETED] and must be supplied for a compliant submission.

 Quality Checks

 71%

-  Tender reference OLT2128186 found in document
-  No institution data available to check
-  B-BBEE Level 1 referenced
-  No American English spellings detected
-  ISO certifications mentioned: ISO 9001, ISO 45001, ISO 14001 — verify these are held; Founding year claims: 2020 — verify accuracy
-  40 placeholder(s) require manual completion
-  1332 words (within expected range)
